

DamperX™ fins for small-bore attachments

Dimensions form

Standard small-bore flanged connection

Other arrangement – please sketch

Dimensions provided above form the basis for cutting the DamperX Fins to fit your application. Accuracy in these dimensions is critical. Although some adjustment is possible in the field, inaccurate dimensions may result in poor fitment.

Client signoff of dimensions:

Name: _____ Signature: _____
Title: _____ Date: _____

Please send this form along with photos of the small-bore connection from several directions to products.vdn@woodplc.com.
